

Eudunda Golf Notes: Saturday 7th May 2010

Like a good wine Roy Fiegert is not getting older he is just getting better.

Roy Fiegert played scratch golf to notch up his 30th Eudunda Club Championship with a brilliant 71 off the stick Last Saturday. Back in the 19th after playing their rounds all of the players were in total awe of Roy's achievement due to how the drying, unforgiving and very testing course played. Even though the day was a beautiful sunny day to do what Roy did took every bit of class and a total belief in himself to even consider putting in a card like he did. Well done Roy, congratulations from all of us I know I would have loved to have been playing in your four to witness how you waved your magic around the course.

Garry Patterson took out the Eudunda Club Handicap trophy making his yearly tally 2 from 2 with a personal best off the stick on the front nine and just going off the boil a bit in the 2nd nine but doing enough to win quite well.

Tim Knight won the nearest to the pin in 2 on the 9th and 18th but both he and John Mosey did not control the additional run like the old Master Roy.

At the presentations John suggested to Roy it just does not get any better than what you were able to do today, but quick as a flash Roy was able to suggest that there is still a bit of life in the old boy yet.
